## Other Information:

Our downtown has twenty restaurants, many unique retail locations, nine bars, and two colleges. All within one to two blocks from your cook site.

You will have shared access to water and power to your booth. There will be shared port-a-potties on site, but you can reserve one for your team by request. Trucks will be required to park outside of BBQ Area. Spacing needs are to be specific; we cannot accommodate a 36' rig in a 30' space. Rig depth is to be clear until all rigs are loaded into the BBQ area.

This event is being held in conjunction with the Deep Roots Festival. Once accepted, we will send you detailed information. If you need any specific assistance feel free to write what you need on the application itself or attach an additional sheet or call 478-414-4015. We look forward to seeing you at the festival!

**All proceeds from the Deep Roots Festival and BBQ contest benefit the Downtown Development Authority, who work to revitalize our historic downtown commercial district!**
